EDUCATION

I spent six months studying with a trained web development teacher, we studied everything related to front-end development.

IT Step Academy | 09.2023-03.2024

Udemy Course | Web development

WORK EXPERIENCE

Remote Helpers

Junior Front-End Developer 07.2022

Middle Front-End Developer 02.2023

My expertise lies in developing turnkey websites that are highly adaptive to various devices and integrating them seamlessly with Content Management Systems (CMS).

Work Freelance since 05.2022

Now I'm looking for a stable and reliable company

ABOUT ME

I guess I'm just a front-end developer looking for a job, but I'm responsible and independent. I'm a fast learner and I'm not afraid of difficult tasks and I'm ready to develop.
